2015 Theme: DreamPower

The power to transform the world is in each of our hands. This year, we invite the world to activate that power by sharing their own personal dreams and by taking action in three areas that deeply impact the dreams of our world.

- **Hunger + Poverty**
- **Health + Happiness**
- **Climate Change**

Use your **DreamPower** to make a difference in the world—take action!

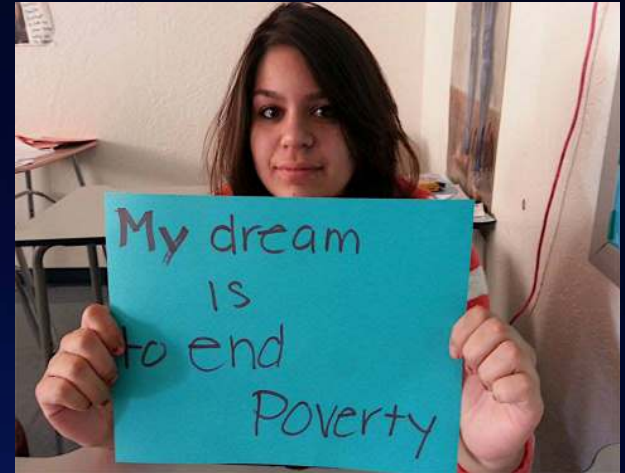

WHY THESE AREAS?

We selected these action areas for three reasons.

1. Hunger + poverty are among key human rights issues facing the “developing world.”

2. In the “developed world” many more people have access to material wealth and abundance, but aren’t any healthier or happier.

3. Our climate is in crisis. Unnatural disasters are ravaging our planet. Climate change affects us all.

CREATE your own experience

ACTIVATE: Use our tools!

Every action will contribute to the creation of a world, filled with new possibilities!
